

Cactus

GASKET FABRICATION SOLUTIONS

We manufacture high quality, double-coated PSA's that are specifically engineered as excellent, cost-effective, replacements to that of our top competitors. We provide our business partners with tapes that exceed the industries standard specifications, yet have better price points across the board.

Intertape Polymer Group® Inc. (IPG®) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing and technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company believes it has assembled the broadest and deepest range of products in the industry.

MANUFACTURER

- Cactus manufactures all of our products at the state of the art facility in Taiwan, so we are able to keep our overhead costs down. These savings are then passed on to our customers.
- We also maintain a large inventory in our California facility and our IPG partner facility in Illinois. This allows us to ship out most orders with 3-5 business days and helps our partners keep their inventory costs down.
- All of this helps our business partners stay competitive and gives them a significant advantage to continually gain new market share.

FEATURES & BENEFITS

- **Quality products that meet or exceed specifications for peace of mind**
ISO-9001 certified manufacturing plants, supplying customers with quality tape solutions since 1987.
- **Products specifically engineered for optimal performance with gasket applications**
Low VOP PSAs, foam laminating tapes, LSE tape, UL approved tapes, AAMA-verified window glazing tapes and more.
- **A wide ranging tape selection for a "1-stop-shop" purchasing experience**
More than 300 specialty PSA products to fit your specific application.
- **Expert technical support**
In-house Research & Development team, as well as an on-site laboratory for tape development and testing.
- **Flexible services customized to meet your specific needs**
Complimentary samples available to ship immediately, as well as custom product development and custom sizes.
- **keyPartner program available**
Lead referral, year-end rebate, marketing sponsorship and more!

PRODUCT OFFERING FOR THE GASKET FABRICATING INDUSTRY

FOAM TAPES

- **CACTUS® PREMIUM PE FOAM TAPES**
High density, high-shear foam tapes for automotive and specialty industrial application
- **CACTUS N SERIES PE FOAM TAPES**
 $\frac{1}{8}$ ", $\frac{1}{16}$ ", $\frac{1}{32}$ " PE foam tapes with acrylic PSA for multi-purpose industrial applications
- **CACTUS R SERIES PE FOAM TAPES**
 $\frac{1}{8}$ ", $\frac{1}{16}$ ", $\frac{1}{32}$ " PE foam tapes with high-tack, high-adhesion rubber PSA for multi-purpose industrial applications

FILM TAPES

- **R2970 & R2960**
3 mil and 3.5 mil "one-size-fits all" PET film tape with rubber PSA, ideal for various flexible material lamination
- **A297C**
3 mil PET film tape with acrylic PSA developed specifically for foam lamination (layflat liner version is also available)
- **Y291M**
3 mil PET film tape with permanent adhesive on the closed side and removable adhesive on the liner side (clean removal)
- **AR29C**
3.5 mil PET film tape with rubber adhesive on the closed side and acrylic adhesive on the open side, ideal for differential bonding
- **P2960**
6 mil PET film tape with LSE acrylic PSA, ideal for LSE substrates and gasket fabrications

TISSUE TAPES

- **C2480**
3 mil tissue tape with high tack acrylic PSA for quick bonding
- **H248B**
5 mil tissue tape with LSE acrylic PSA, ideal for various foam lamination and LSE substrates

ADHESIVE TRANSFER TAPES

1.6 to 4 mil adhesive transfer tapes for lamination of porous or LSE substrates

“V. Himark has been a valued supplier to us for the past 4 years. Their commitment to quality, stock availability and competitive pricing allowed us to keep a large customer that we could have lost without them. They also do an excellent job of holding prices and any increases to a minimum, as well as providing technical support on PSA.”

Leading Gasket Fabricator from Kansas, USA

“V. Himark has always provided very good quality products since we began our relationship in 2002. Also, v.himark has stocked material in the united states, which has allowed us to count on the consistent lead times for our normal go to products. Between inside customer service and the account manager we have always had very accurate and responsive replies to our inquiries. We look forward to building our mutual business on the solid foundation that already exists between our organizations.”

Tom Armstrong, Evans/Evco
