BRAND

PREMIUM ROOF UNDERLAYMENT

NovaSeal® Premium is a superior two-side coated roofing underlayment featuring a patented, textured anti-slip surface. It is 5x lighter and 20x stronger than organic oil saturated felts.

FEATURES AND BENEFITS

SLIPSHIELD

- Exceeds the maximum slip resistance angle of our tribometer (>1.0)
- Creates a safer work environment by preventing tool slippage

TEMPSHIELD

- Performs in the most extreme of temperatures
- Will not crack or dry out under metal or tile
- Provides UL class A fire rating

NAIL LOCK

- Product passes the nail sealability requirement of ASTM D1970 Section 7.9

NOVA 12

- Certified to withstand UV exposure for up to 12 months
