# LUMBER WRAP

## ALL-WEATHER RESISTANT FOR YOUR PROTECTION

From the market leader in protective fabrics, you can be sure with IPG®'s Lumber Wrap that your product will arrive completely protected. IPG® has been a major, integrated supplier to the North American lumber industry for over 25 years. IPG offers premium protection with exceptional tear resistance, strength, durability and whiteness.

IPG coated woven materials are widely used as protective packaging of a variety of industrial products such as dimensional lumber, engineered wood product and metal coils.

We offer superior aesthetics with our durable white wraps. Advertise your corporate logo in up to 4 colors for increased brand awareness throughout the transportation process.

Weather and sunlight resistant, our wraps are ideal for protection during transportation, handling and storage. Available in various weave strengths, colors, laminations and coatings.

IPG operates printing and manufacturing plants on both the east coast and the west coast of North America. We are uniquely qualified to supply all of your needs in the most timely fashion.

## FEATURES & BENEFITS
