SUSTAINABILITY ATTRIBUTE(S)	Recyclable with shipping carton	Power free	Fully recyclable	HD contains 70% recycled content with a minimum of 42% post consumer	Paper made from recycled paper content	Paper-based recyclable insulation material laminated to paper
DESCRIPTION	The first certified recyclable carton sealing tape, water-activated tape (Kraft paper tape) is re-pulpable with the corrugate it is applied to.	Paired with curbside recyclable water-activated tape, the Mini-Taper is a sleek, lightweight manual dispenser with a small footprint, perfect for low-volume shipping environments.	Cushioning material made from recyclable paper. The honeycomb padding design has been proven to reduce damage for fragile products.	The latest and most innovative protective mailer on the market, Curby Mailer is lined with a honeycomb paper structure which replaces air-filled bubbles used in plastic padded mailers.	Recyclable paper designed for easy feed into the Polyair PaperSpace X-Fill paper system. Produces three-dimensional cushioning and void fill.	A curbside recyclable and repulpable carton insert specially designed to provide a temperature-controlled environment for online perishable deliveries.
ALTERNATIVE CURBSIDE NON-RECYCLABLE PRODUCTS	 Pressure-Sensitive Packaging Tape	 Handheld Tape Dispenser	 Bubble Cushioning	 Kraft Bubble & Poly Mailers	 Air Pillows	 EPS Foam Coolers

THE HONEYCOMB: NATURE'S MARVEL OF PACKAGE ENGINEERING!

The Curby Mailer contains an integrated honeycomb paper structure that replaces the air-filled bubbles in poly and paper padded mailers making the Curby Mailer curbside recyclable.
