

PREMIUM PACKING TAPE

According to recent studies, more than 90% of boxes contain recycled content. Changes in the fiber and composition of cartons may impact the ability of your tape to adhere to it. **IRON GRIP™** Premium Packing Tape was designed specifically for optimal closure of highly recycled corrugate, including 100% recycled boxes. Its adhesive formulation also successfully seals boxes in wide ranges of temperature and humidity.

**FOR USE ON ALL BOXES,
INCLUDING RECYCLED CORRUGATE**
