PATENTED TECHNOLOGY DRIVING *UNMATCHED* PERFORMANCE.

PAPERSPACE™

X-FILL™

The X-Fill System is the best way to dispense paper void fill. It's one of the most efficient and user-friendly paper void fill systems on the market. X-Fill delivers high throughput speeds with low maintenance and downtime. X-Fill is available in two configurations: a floor model and a table-top. Both adjust to a range of customized heights and angles to handle even the most challenging packaging environments.

PAPER IS MADE IN THE USA

PAPER WRAP

*All PaperSpace products use paper that is 100% recyclable.*

FEATURES & BENEFITS

Anti-jamming paper output and easy-to-load paper bundles increase uptime

3D shaped paper increases void fill efficiency

Customizable presets optimize paper usage, leading to cost savings

Paper is Cradle to Cradle Certified® Gold as it is made from recycled paper content

Hands-free operation with foot switch and auto-cut

CERTIFIED
cradle to cradle
GOLD

X-FILL™ PRO

The X-Fill Pro system is designed for high-volume void fill applications. Its speed of 415ft/minute combined with 30" wide bundles keeps up with the most demanding void fill requirements. X-Fill Pro is one of the most reliable and trouble-free void fill systems on the market and comes with a range of customized heights and angles to handle even the most challenging packaging environments.

X-PAD™

The X-Pad Paper Cushioning System has a revolutionary small footprint and rapid throughput. It is ergonomically designed to easily adjust the angle of the paper output.

The X-Pad comes in two highly productive configurations: a floor model and a table model. Both can be used with various paper basis weights, single ply and double-plies. The table side stand has a unique design that maximizes workstation space.
