TT-1200T TOP-LOAD CASE PACKER

CAN BE INTEGRATED WITH

CARTONERS

Tishma Technologies operator friendly cartoners can accommodate the most challenging applications. Our cartoners are built for 24/7 operation and provide flexibility, quick changeover, high speed (up to 1,000 cpm) and superior product handling.

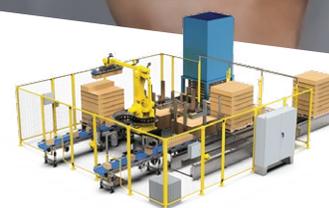

TRAY PACKERS

Tishma Technologies Automated Tray Packers feature tray loading and tray forming applications, and they are available with tuck or glue tray closing system. Tray filling is achieved by utilizing various robotic infeeds with custom EOAT.

BUNDLERS

The Raptor and Raptor-R series bundler machines are total solutions for all your shrink wrapping, banding and strapping packaging needs. These automatic packaging machines are offering amazing benefits such as easy integration into existing packaging lines and quick bundling of most products.

PALLETIZERS

Tetrystack palletizers feature adjustable infeed heights to match existing conveyors and a platform design that can be transported with a single forklift. Models can be equipped with a pallet loader, full pallet discharge, docking stations for easy locating, integrated forklift inserts, and an adjustable infeed conveyors.

ABOUT TISHMA TECHNOLOGIES

Tishma Technologies designs and manufactures high-quality, high-efficiency packaging machinery and packaging systems. Our products are used worldwide in most major industries, including food, pharma, confections, cosmetics, and beverage. We also offer high-speed, continuous motion, flexible, fully integrated turnkey packaging lines for large worldwide companies. We combine quality craftsmanship, top-notch technology, and innovative, modular designs to accommodate today's flexible packaging machinery requirements.

Being part of the **Intertape Polymer Group**, our customers have increased access to a complete single-source equipment and consumables supply, responsibility, and comprehensive service and support.

SERVICE & MACHINE AFTER-CARE

Being a good machine manufacturer is only part of being a full-service supplier to our customers. We offer complete system support before, during, and most importantly after a machine has been installed.

From annual preventive maintenance audits to customized training packages and machine rebuilds, we offer support throughout the machine lifecycle. We are committed to responding quickly and efficiently to ensure maximum uptime for our customers through online and onsite presence.

Our trained service technicians and spare parts inventory that includes maintenance and refurbishment kits keep thousands of our machines worldwide operating efficiently.
