

# MULTI-PURPOSE SPRAY ADHESIVE

## FAST DRYING AEROSOL ADHESIVE

This “web spray pattern” aerosol adhesive has a 3-way adjustable nozzle. It’s ideal for temporary or permanent bonding to uneven or porous surfaces. Works well on many materials, including wood, concrete and sheet metal. Works best at room temperature (+70°F / 21°C). Hold can 6” to 8” from surface to be covered. Apply an even coating. Dries clear in 15 minutes.

### FEATURES & BENEFITS

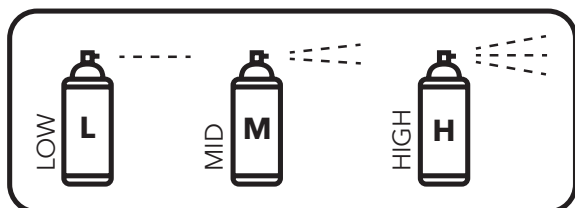

Contains no methyl chloride or CFCs

Compliant with the American National VOC Regulations for consumer products\*

41 PSI shear strength

Adjustable nozzle for 3 web spray width options:  
Low, Medium and High

\*Including the current VOC limits for aerosol adhesives in California

## MARKETS

- Industrial
- Building & Construction
- Consumer
- Automotive Aftermarket
- Transportation

**FOR USE WITH LEATHER, CORK, WOOD, VINYL, PAPER, CARDBOARD, PLASTIC, METAL, RUBBER, GLASS, CLOTH, FOAM, FILM & FOIL**

PRODUCT CODE	5080012
Color	Light gray; dries clear
Temperature Resistance	30 minutes at 160°F
Max Temperature	+160°F (+71°C)
Percent Solids	18-20
Net Weight	12 oz (340g)
Units Per Case	12
Cases per Pallet	105
Case UPC	100 67735 50800 0
