

Made in a certified zero waste facility

AIRSPACE™ PCR

Meet your company's sustainability goals with IPG's AirSpace post-consumer content films. IPG® has developed and is manufacturing an inflatable film with a minimum of 50% recycled content, including 35% certified source post-consumer recycled content and 15% post-industrial recycled content. Our formula, developed by a team of processing and product engineers, delivers optimum performance for any void fill or packing application.

BASIC INFORMATION & OPTIONS

Clear, large print so end-users understand your commitment to sustainability

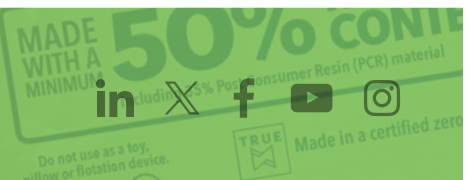

2 stock SKUs available

Available boxed with 48 rolls per pallet, or custom unboxed with 60 rolls per pallet (our B60 pallet)

THIS FILM CONTAINS 50% RECYCLED CONTENT WITH 35% PCR
