

DON'T JUST GUESS. KNOW.

af₂k™

Adhesion Force
to Kraft Testing

IN-LINE TESTING

AF2K testing brings our packaging lab directly to you. It measures tape adhesion strength on your boxes and identifies packages that may be at risk during shipping. The test checks:

- Adhesion strength
- Wipe down pressure
- Seal uniformity
- Surface contact
- Tape stretch
- Seal durability

These results provide clear, actionable insights to enhance tape performance and fine-tune your tape head settings.

PROVEN RESULTS

WITH THE ET XTREME TAPE HEAD

Experience up to **80.6% increase** in adhesion with IPG's ET Xtreme™ tape head. Benefits of the ET Xtreme's patented dual independent wiping tabs:

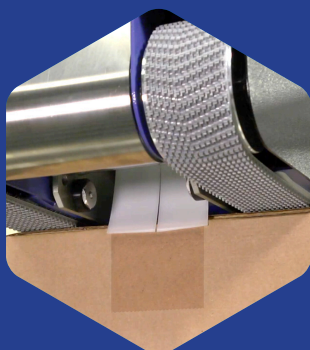

- Superior center seam wipe down
- Secure seal on under-filled and uneven packages
- Adhesive driven deep into the fibers of the case for the most secure seal
- Will not crush the case
