

**NEW!**

MADE IN THE USA

**“METALIZED CLOTH TAPE IS PERFECT FOR CONSEALING THE SEAMS IN THIS BUILDING’S EXPOSED DUCTWORK.”**

IPG’S AC49 is a high strength, premium quality **METALIZED** polyethylene coated cloth tape. A versatile, high performing product, AC49 applies easily, will not curl when unwound and conforms well to irregular surfaces - providing superior performance and durability over a wide range of conditions.

**APPLICATIONS:**

- Designed to provide the surface of a foil tape and the easy application of a cloth duct tape
- Perfect for challenging surfaces, seaming, protecting and repair applications
- Works well for vapor sealing, sheet metal duct work and general purpose heavy duty service

**FEATURES & BENEFITS:**

- Metalized coating helps protect tape from UV and blends well where bright finished duct work is left exposed
- Seals flexible duct systems, adheres well to fiberglass insulation board and holds insulation materials in place
- Hand tearable and easily applied
- Excels in high heat and humid conditions
- Conforms well to corners and irregular surfaces
- Meets HUD and BOCA codes; tested in accordance with UL723
