USA 2024-BFF

Uniform Semi-Automatic Case Sealer

Interpack's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases.

The USA 2024-BFF improves productivity and ergonomics by assisting the operator with automated assemblies such as extended side drives, "T" rail pack station and top & bottom flap folding.

Every Interpack™ Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack™ Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

FEATURES & BENEFITS

- Heavy duty construction will process up to 85 lb. cases
- "T" rail pack table with case forming ski stabilizes the case during packing
- Extended 2" side belt drives power the case through top and bottom flap folding
- Rotating flap plows ensure smooth bottom flap folding
- Additional optional "T" rail tables available for narrower or wider cases
- Twin 1/3 HP motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Selectable floating upper head processes mild overfills
- Offset tapes heads process cases as low as 2" tall
- Reversible controls for left or right handed operation
