USA 2324-TB

Uniform Semi-Automatic Case Sealer

Interpack's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases. The USA 2324-TB offers premium top & bottom belt and processes the widest range of cases.

Every Interpack™ Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack™ Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

FEATURES & BENEFITS

- Top & bottom belts capture the case between 4 moving belts at the strongest part of the case
- ½ HP bottom drive & ¼ HP upper drive motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Offset tapes heads process cases as low as 2" tall
- Reversible controls for left or right handed operation
- Multi-wheel top squeezer standard

Scan for more information on Interpack's USA Series, including CAD drawings, manuals and videos!

These machines are engineered to provide:

- Industry leading features
- Heavy duty construction for 24/7 operation
- Ergonomic, user-friendly operation and case size set up
