UNIFORM SEMI-AUTOMATIC CASE SEALER

Interpack’s USC grade of case sealers are part of the USA SERIES Uniform Semi-Automatic family. The USC 2020-SB is designed and constructed for low to medium volume applications. They are adjustable, operator fed machines that process same sized RSC style cases. Every Interpack™ Case Sealer comes with an ET 2Plus tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack™ Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

MACHINE FEATURES & BENEFITS

- Compact design conserves valuable floor space
- 3mm steel formed and welded construction
- 2" side belt drives with belt over roller technology
- ⅛ HP motors will process up to 65 lb cases
- Dual column for maximum processing stability
- Threaded rod upper head adjustment
- Reversible controls for left or right handed operation
- Tilt up upper tape head for easy roll replacement

THESE MACHINES ARE ENGINEERED TO PROVIDE:

- Economical cost
- Compact footprint to conserve valuable floor space
- Ergonomic, user-friendly operation and case size set up
