USC 2020-TB

Uniform Semi-Automatic Case Sealer

Interpack's USC grade of case sealers are part of the USA SERIES Uniform Semi-Automatic Uniform family. The USC 2020-TB is a top & bottom belt drive case sealer designed and constructed for low to medium volume applications. They are adjustable, operator fed machines that process same sized RSC style cases.

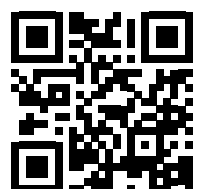

Every Interpack™ Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the three taped panels of the case.

When you compare features, benefits and value, Interpack™ Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

FEATURES & BENEFITS

- Compact design conserves valuable floor space
- 3mm steel formed and welded construction
- Horizontal self-centering side guides
- 2" top & bottom belt drives with belt over roller technology
- Twin ¼ HP motors will process up to 65 lb cases
- Dual columns for maximum processing stability
- Threaded rod upper head adjustment
- Reversible controls for left or right handed operation
- Tilt up upper tape head for easy roll replacement
